

## LA FOLLETTE IS MAIN TOPIC IN DAWES SPEECHES

### Coins New Phrases In Speeches From Rear Platforms

CHICAGO, Sept. 20.—Charles G. Dawes, Republican vice-presidential nominee, thundered his way across Iowa and Illinois today with the LaFollette Independent candidacy ever the object of his invective.

Arriving here tonight for a four day interim before again taking up the campaign with speeches in Minnesota, associates of the nominee remarked that "the General now has hit his stride," and Mr. Dawes himself recalled that he had predicted a month ago that it would be nearly October before he would "get warmed up."

Using a special train for the first time since he began his speaking campaign Mr. Dawes appeared on the rear platform at every stop and as the train resumed its journey, there was left behind with those who heard the nominee a collection of Dawes-coined phrases such as "political pee-wees," and "issue-straddling demagogues."

Principal speeches were made today at Dubuque, Iowa, and Galena, Ill., and at both points Mr. Dawes devoted his attention as he did in part last night at Sioux Falls to the greatest issue of this campaign—the issue of the constitution of the United States.

"When I started out in this campaign," he told those who greeted him at Dubuque, "I thought I was going to talk a good deal about the budget. I had something to do with it and I know something about the subject. But this is about the first time I have mentioned the budget in the whole campaign."

"Why? Because like a thief in the night, a great issue has stolen upon the consciences and minds of the American people—an issue nobody expected—the issue of the constitution of the United States which constitution is being assailed by Robert M. LaFollette, behind whom is massed a heterogeneous combination of the forces opposed to the existing order of things in this country the largest portion of which are the socialists flying the red flag.

"This issue is fundamental. It is vital. The proposition is that we abandon our present form of government with its balanced powers—the judicial, the executive and the legislative—and make congress the final power in the government of the United States and in one blow abolish that balancing of powers which protects you in your individual rights, your inalienable rights under the constitution. What are those inalienable rights that are protected by the constitution which is assailed in this way?" he inquired. "It is your right to go to church where you please; it is your right to own property; it is your right to trial by jury and other individual rights. What kind of a government would this be if congress had the right to pass a law telling you where to go to church or taking your property away and giving it to somebody else . . .

"I recognize that there are many men justly discontented with things in the existing order. We would not progress in this country if everybody were satisfied with the way things go. But there is a vast difference between the man who is discontented with some things in the existing order and wants to improve them, and those men like Mr. LaFollette and his following who are discontented with existing order of things and attack this government under which we have lived happily for 135 years."

**Touchees Agriculture**  
Mr. Dawes also entered upon the agricultural problem, saying he had "listened to some political pee-wees make speeches on that, with violent assertions, unsupported by reason, and with appeal to prejudice against Wall Street, the interests, the down trodden condition of the farmer, of labor, of all of us, crushed under the heel of monopoly."

"Violent affirmation, not argument," he exclaimed. "Then, like wise violent affirmation as to the great benefits that we are going to get by putting certain candidates in office. There is a significant vagueness as to what they are going to do to solve great problems—but if we only will put certain men in office they say—the principal one being Senator LaFollette—then wages will go up, the price of farm products will go up, and business won't be hurt—the millennium is here."

"Now that is not the way we anywhere. What, as a matter of fact, would happen if men of that kind, backed by those forces, would get into power? Chaos—there would not be any satisfactory wages or any satisfactory prices for farm products, or any satisfactory business in this country. There would be chaos and every many know it."

## ITALIAN OBJECTIONS DELAY PROGRESS FOR LEAGUE OF NATIONS

### Functions Of Control Com- missions Main Point At Issue

GENEVA, Sept. 20. (AP)—Eleventh hour Italian opposition to the detailed program set up for the league's control commissions which, under the Benes pact, are for the purpose of investigating the conditions of both disputing states concerning arbitral proceedings in order to assure that they are not preparing for war, considerably slowed up the work of the two sub-committees today engaged in perfecting the draft pact of arbitration and security.

The French desired to thresh out the moot point before night-fall and were even willing to let the details of the formation of these control commissions go over until a later date in view of the fact that the Italians were not opposed to the commissions in principle.

However, Dr. Benes, taking into account that the judicial commissions sub-committee still had several minor points to iron out—such as the definition of an aggressor, what constitutes a menace of aggression and what would constitute passive resistance to an arbitral award—decided to await the completion of its work before ending that of his own committee.

Consequently M. Loucheur of France, is working late tonight on the aggression text which he hopes to have ready for the sub-committee's decision tomorrow. In any case it is not considered that the Italian opposition will materially retard any definite accord on the Benes pact.

## SPRINGFIELD BANKER IDENTIFIES SUSPECT AS ONE OF ROBBERS

### Detectives Go To Edwards- ville To Get Cullen, Alias Kelly

SPRINGFIELD, Ill. Sept. 20. (AP)—Detectives of this city went to Edwardsville today to bring back "a big, tough-looking man," named C. F. Cullen, alias Freddie Kelly of Granite City, believed to be the leader of the band of bank robbers who took \$20,000 from the Jefferson State bank in this city, at noon on September 3.

Cullen has been identified by President Warren Lewis who was struck over the head with a revolver for not moving fast enough for the robbers. He described him as "a big, tough looking man with a red sweater who swore constantly at the bank employees and other robbers."

This arrest at Edwardsville police say, has climaxed one of the most intensive man hunts in which Springfield police have had a part. The bank president has made numerous trips to view suspects. Two hours after the robbery the search for Cullen started. Police all over Illinois were asked to watch for him, particularly in southern Illinois. Two days ago the Edwardsville police sent the picture that was identified. They had Cullen under bond for another alleged robbery.

According to the story as put together by police, Cullen and his five men left the bank here in an automobile which they burned two miles out of town and took another automobile. They divided into two bands which reunited the next day at a resort near St. Louis to divide the loot.

## WEST VIRGINIA SHOWS REPUBLICAN GAINS

WASHINGTON, Sept. 20. (AP)—Reports of Republican gains in West Virginia were presented to President Coolidge today by party leaders of that state. An intensive campaign to win the home state of John W. Davis, Democratic candidate, for Mr. Coolidge was described to him by V. L. Highland and John T. Graham, Republican National committee man and state chairman of West Virginia.

Only a few callers were on the president's engagement list today, and he spent some time conferring with government officials and in finishing the address he will deliver here tomorrow before delegates to the Holy Name convention.

Mr. Coolidge will speak again next Wednesday before a convention of retail druggists here and the next delivery in Philadelphia. It also was announced today he would speak as usual at the opening here of the National Red Cross, October 6.

## TORNADO DAMAGE AT HOT SPRINGS ENORMOUS

St. Louis, Mo. Sept. 20.—Property damage from the tornado which struck Hot Springs, Ark., late yesterday was estimated at \$700,000, said a report received here today by the Southwestern Bell Telephone Company from its district general manager at Little Rock.

## GRANT RECEIVES REPRIEVE FROM GOVERNOR SMALL

### Boy Says He Never Knew Krauser Until He Met Him in Jail

CHICAGO, Ill. Sept. 20. (AP)—Thomas E. Swanson, attorney for Bernard Grant, under sentence of death, was planning tonight the last stages in his fight to save Grant from the gallows. Earlier in the day word had been received from Springfield that Governor Len Small had granted the youth a ninety day reprieve which sets the date of execution over to January 16.

"Several of Chicago's best lawyers," said Mr. Swanson, "will go to Springfield to plead for the boy when our petition is heard. Thousands of other petitions from individuals and from organizations have been received and these will be forwarded to the governor in Grant's behalf. We understand that other requests for clemency in the case have been sent directly to the state capital."

Whether Clarence S. Darrow or Charles E. Erbe will be among the Chicago attorneys to join in the plea for Grant's life, Mr. Swanson would not say, although he declared that both had made inquiries in the case.

Grant received the news of his reprieve with a smile.

"Fine, that's just fine," he said. "It lifts ninety pounds of worry off my shoulders. My hair ought to turn black after that."

In his own plea for a pardon, transmitted to the governor by Attorneys Swanson and Timothy J. Fell, who are acting in his behalf without compensation, Grant reiterates his denial that he was present on the night that Walter Krauser, also sentenced to death in the case, and a companion shot and killed a policeman in an attempted robbery. Grant says he did not even know Krauser until they met in the police station a few hours after his arrest.

Krauser is awaiting the outcome of an appeal to the state supreme court which will be acted upon within a few weeks. Governor Small declared, in granting a reprieve, that he would postpone consideration of Mrs. Grant's petition until Krauser's case had been ruled upon by the court.

Supplementary to Grant's petition was a statement by Krauser which said that "Grant has not only been the unfortunate victim of a contemptible conspiracy, but he did not know Grant before they met in jail. Krauser declared that his original confession, naming Grant, was brought forth by brutal treatment at the hands of the police."

## CHINESE WAR NEWS

(By The Associated Press)  
The Chekiang army on Saturday was making another determined effort to hold back the forces of the Tschun of Kiangsu which supported by Honanese troops ordered into the fighting by the Peking governments and encouraged by reports of a revolt in the enemy's lines, were making another drive for Shanghai.

Despite the disaffection in two of the Chekiang armies the defenders of the city have been unable to secure reinforcements of the port. Fighting apparently was approaching the city as further restrictions were placed on observers desiring to visit the fighting area.

The opinion in the foreign settlement seemed to be that Kiangsu would eventually be successful and additional steps were being taken to protect foreign lives and property. In the North Chang Tso-Lin was reported to have gained initial successes along the Manchurian-Chihli border between Chinchow and the Peking-Mukden railway and Chao-yang, across the Chihli frontier and near Jehol, northeast of Peking. According to news from Peking, however, Wu Pei-fu has not yet reached his stride. He is sending an army of 200,000 against the Manchurian leader and intends to use the fleet in the gulf of Laitung, where it can menace the railway which Chang must use on his advance toward Shanhaikwan and the latter's chief port, Yinkow.

Wu declares it to be the intention of the Peking government to regain control of Manchuria, which Chang has governed since his defeat two years ago.

Peking also reports that the transfer by Dr. Sun Yat Sen, the Southern Leader of troops to Shichow in Northern Kwangtung, is really a flight from his enemies who have been waiting long for a chance to take over Canton.

## Ex-Joliet Convict Kills Benefactress

LOS ANGELES, Calif., Sept. 20. (AP)—Harry Connor, alias Harry Garbutt, ex-convict of Joliet, Ill., penitentiary, sought in connection with the slaying at Pasadena last night of Mrs. Clifton Hunn, a wealthy Chicagoan's wife, murdered in Pasadena, Calif., obtained his final discharge from the Illinois state penitentiary, Dec. 9, 1923 while in California.

Connor was received from Cook county, Jan. 19, 1924 at the penitentiary to serve a term of from one to twenty years for burglary. As number 6663, he was a model prisoner, not a single black mark being checked against his record and early in 1922, he became an inmate at the honor farm.

Prison records list his profession as a mechanic. He was in prison only once before, the records show, having served a term of 30 days in the Cook county jail.

Connor was paroled to relatives in Chicago, but obtained permission to go to California, where an aunt of his resides. Prison officials declared they did not know whether Mrs. Hunn was instrumental in obtaining his release.

## AVIATORS ARE MET BY HUGE CROWD AT FORT BLISS FIELD

### Reach Destination at 6:15 O'Clock After Success- ful Trip

EL PASO, Texas, Sept. 20. (A. P.)—America's world fliers arrived at Fort Bliss today at 6:15 p. m. The Chicago, piloted by Lieutenant Lowell H. Smith, landed first, followed by the Boston II, piloted by Lieutenant Leigh Wade, and the New Orleans, piloted by Lieutenant Erick Nelson.

A DeHavilland plane in which Lieutenant George W. Goddard and Lieutenant George Borkhurst, army photographer, were accompanying the world fliers across the continent, made a forced landing seven miles this side of Pecos. The landing gear was torn off.

Planes will be sent out from Fort Bliss tomorrow to bring them in.

Military authorities estimated the crowd at the flying field at 20,000. The fliers were greeted by a din of honking horns and cheering. They were greeted by General R. K. Howsie, Mayor Davis and A. M. Lockhart of the Chamber of Commerce.

## JACKIE COOGAN GETS OVATION IN PARIS

PARIS, Sept. 20. (AP)—A reception of the sort which Paris customarily reserves for kings, princes of the blood and conquering heroes, greeted Jackie Coogan today on his arrival in Paris.

More than 15,000 persons stormed the depot to catch a glimpse of the diminutive American film star, known almost universally as "The Kid."

It was with difficulty that Jackie's escorts were able to get him from the station into a nearby motor car.

## HIGHT RECALLS BUYING POISON AT DRUG STORES

### Claims Rats Are So Bad They Carried Off Chickens

MOUNT VERNON, Ill. Sept. 20. (AP)—Admission that he had bought poison three times that he "could remember" from drug stores in Benton and Mount Vernon, Ill., within recent months, was made today by Rev. Lawrence M. Hight, Ina, Ill., clergyman who is held in jail here charged with the murder by poison of his wife, Anna, officers here stated.

"The rats were awful about the parsonage," he minister is alleged to have told officials. "They carried off the young chickens right before our eyes."

Following the arrest of Hight a search was made of the parsonage in which a poison box was found, thought to have come from a Mount Vernon drugstore.

Officials were interested today in the alleged discovery at the parsonage yesterday of two photographs pasted together of Rev. Hight and Mrs. Wilford Sweetin, whose husband died July 28, under circumstances said by officers to have been similar in many ways to the death of Mrs. Hight.

The minister denied all knowledge of these photographs. The viscera of Sweetin has been sent to Chicago to be examined for poison.

## HOLY NAME SOCIETY LISTEN TO MESSAGE SENT THEM BY POPE

### Sends Apostolic Benediction To All Of Assembled Delegates

WASHINGTON, Sept. 20. (AP)—A second message from the Pope was received today by the Holy Name conference here with three lusty cheers for the pontiff's health led by Cardinal O'Connell, papal legate to the sessions.

Another high pontifical mass, celebrated in the stadium of Catholic University by Cardinal Dougherty of Philadelphia in the presence of Cardinal O'Connell and of the greatest crowd yet gathered for the convention opened the day's proceedings, which ended with a pilgrimage to Mount Vernon.

Convening immediately after the mass the convention listened to the pope's message, read by Father Ripple, national director of the Holy Name society.

"The Holy Father," it said, "deeply pleased by the solemn manifestation of affection and devoted homage of the Holy Name societies, sends to the assembled delegates the apostolic benediction."

The convention adopted a resolution recommending the formation of a permanent extension committee to institute Holy Name Societies in all parishes where they are lacking.

Elaborate preparations have been made for tomorrow's parade thru Washington, after which President Coolidge is to address 100,000 Holy Name men and visitors in the Ellipse south of the white house. Father Ripple predicted today that tomorrow will be the greatest religious demonstration in the history of the country.

## TRIPLETS NAMED AFTER CANDIDATES

CHICAGO, Sept. 20. (AP)—One of the triplets born to Mr. and Mrs. Roy Lee of Aurora, Ill., near here, will bear the name of the next president.

They have telegraphed President Coolidge, John W. Davis and Senator LaFollette. "We have named one of our triplets for you. One is certain to have the name of the next president."

"But you can't be certain of that," the answer was wired in behalf of Senator LaFollette by his son, Robert Jr. "The election may be thrown into congress and a nominee named after a deadlock in the house."

He suggested that "no matter what is done with the Coolidge and Davis boys the LaFollette youngster should be kept and raised."

## RESERVE OFFICERS OF STATE CHOOSE HACKETT

Springfield, Ill. Sept. 20.—Col. H. B. Hackett, of Chicago, was elected president, and Rockford was selected as the 1925 meeting place by the Illinois Reserve Officers' association at its annual meeting here today. Colonel J. R. Kline, of Chicago, Colonel George O. Seaman of Taylorville and Colonel E. Ellison of Alton, were elected vice-presidents of the organization. No date was set for the 1925 meeting.

## MOOSE OF ILLINOIS IN MILE PARADE AT BLOOMINGTON MEET

### Conception Of Americanism Given By Grownups And Children

BLOOMINGTON, Ill. Sept. 20. (AP)—Announcing themselves by exploding bombs the Moose of Illinois and Mooseheart Legion paraded thru the streets here tonight in a mile long pageant of ten divisions and six bands representing in tableau Mooseheart conceptions of Americanism and incorporating the stories from fairy tale books. Eight hundred children took part with 1500 grownups.

Before concluding the first annual convocation both organizations selected Belleville as the place for the meeting, Danville, Rockford and Quincy, lost in the contest.

Unanimous resolutions were passed providing for the building in the near future of a quarter million memorial gymnasium at Mooseheart. Inspirational addresses for the symposium were made by Rodney Brandon, Chicago, and others. One hundred and fifty new members were taken into the Moose at the Saturday night initiation. Impressive tableau and representation of a Moose meeting was given in the local theatre this afternoon by 200 children.

State officers elected by the women of the Mooseheart Legion of Illinois department at their first state convention here today are as follows: Senior Regent, Mrs. Joseph Ramsey, Chicago; Past Regent, Mrs. Alma Ekstrom, Bloomington; Junior Regent, Mrs. Julia Sveinberg, Dixon; Chaplain, Mrs. Myrtle Schunk, Farmington; recorder, Miss Emma Hank, Mooseheart; treasurer, Miss Ethel Orendorf, Mattoon; assistant recorder, Mrs. Emily Worthing, Elgin; state guide, Mrs. Theodore Owen, Mt. Carmel; assistant state guide, Mrs. Gene Hoffman, Belleville; sentinel, Mrs. Maude Lindel, Marion.

Officers were installed this evening.

Officers for the coming year of Division North Moose of Illinois Legion No. 11 were all re-elected with the exception of one.

The list follows:  
Great North Moose H. S. Light-hall, Chicago; Great South Moose Leo W. Sauter, Galesburg; Great East Moose, Ted Rutter, Belleville; Great West Moose, M. Chas. Marsh, Rockford; Great Guiding Moose, Dr. L. D. Howe, Streator; Great Custodian, Frank Presson, Marion; Great Argus, R. B. Balinger, Deatur; Great Herder, E. J. Lanham, present champion of Bloomington, Ill., against Mrs. George Brouillette, of Minneapolis for the women's professional title and Mrs. G. G. Tilly and Mrs. P. D. Samuels, both of this city, against each other for the women's amateur honors.

## WILBUR BEGINS STUDY OF VALUE OF NAVAL ARMS

### Aide Says Planes Should Not Supplant Battleships

WASHINGTON, Sept. 20. (AP)—At the suggestion of President Coolidge Secretary Wilbur today began a comprehensive study of the relative value of each arm of the national defense under the navy department with a view to recommending a coordinated program for development during the next several years. The work is to be taken up later by the board of experts.

The new study of the navy was determined upon at a white house conference in which Mr. Wilbur said he rendered a report on his five week's inspection of the fleet and naval shore stations on the west coast and of the political situation there as he had observed it.

The secretary declared his speeches during the period had not been discussed at the conference and the only explanation given for the president's request that he return to the capital was that a new valuation of air, submarine and surface craft of the navy was necessary with a view to adjusting the sums to be sought for each from the budget.

Mr. Wilbur said he had instructed Captain Walter R. Gherard, his aide, to prepare a memorandum during the return trip setting forth the accepted view to President Coolidge today as a basis for the study. It drew the conclusion that the fleet should be maintained at top efficiency with the strength allotted in accordance with the limitation of army treaty while every effort was made to develop and organize the air forces as a concrete auxiliary.

In explanation of his own opinion, the secretary referred to a recent speech in which he declared "the battleship still is the backbone of national defense."

This was the view expressed two years ago by the point army and navy board headed by General Pershing and is said to be adhered to by veteran strategists in both departments despite the progress in aviation.

The Secretary, who came here last night cutting short his western speaking tour after being asked by President Coolidge to return, visited the white house early in the day and was received by Mr. Coolidge in his study.

He talked freely of his trip afterwards and predicted California would go for Coolidge and Daves if the present method of campaigning was continued, asserted complete harmony prevailed.

Captain Gerhardt's memorandum to the secretary said: "Aviation advance does not justify us in allowing our 13 battleships, or any of them, to deteriorate, using money thus saved to build up aviation."

"Three types of aircraft," he said, "should be developed. (a) Flying boats for long range scouting and bombing. (b) Amphibians and single piston planes for spotting, and for close protection of the fleet against submarines or destroyer attacks. (c) Twin piston planes for torpedo planes, but these should be considered as secondary to the first two."

**THE STATE ADMINISTRATION**  
 A reading of Mr. Lippincott's communication in which he opposes the re-election of Governor Small, makes very clear that all the charges of the Jacksonville man are based on hearsay. In fact, the whole statement is merely the relation of what somebody else said or thought.

The administration of Governor Small has not been without flaws. The same thing is true of all preceding administrations. But considered on a broad basis the affairs of the state have been managed by Gov. Small with an eye to the welfare of the people as a whole. In the primary election the voters gave the administration a very decided stamp of approval.

Individuals may not like this or may not approve of that, in the conduct of a public official, but after all, it is the majority that decide the merits in the case. So too the estimate of a governor's success or worth should be judged not on the basis of one or a few official acts, but upon the general results, the records of the months and years.

## WHY DO THEY SAY IT?

Many scientists and philosophers are saying that the human mind has not grown in intelligence or power since the dawn of history, that man is now what he was in ages far less advanced in civilization than our own. This may sound discouraging to some people; but the explanation lies in the physical makeup of the human brain. There are a certain number of brain cells, which does not vary thru the centuries. However, just as the Israelites failed to conquer all the land assigned to them in Canaan, so man fails to use all of his brain cells, and the gradual increase in culture and civilization is due to the increased use of the brain power we all

## SPELLBINDERS'

## BUNK

BY ALBERT APPLE

This year's national political campaign will educate the American people in economics, says C. W. Barron. He is the publisher of the Wall Street Journal and other financial organs.

He might better say that most of the spellbinders and propagandists are teaching people distorted or false economics.

In a political argument, both sides naturally exaggerate. That is part of the art of salesmanship. And a politician is a salesman—marketing the services of himself and his party.

With all due respect to Candidate-Fox and Candidate-Against, truth or common sense is apt to be the happy medium about halfway between their rival claims.

In suggesting that the average politicians are spreading false economics, we do not in particular have in mind any new propositions being set forth. There is quite as much false economics in many of the old issues.

Take the old economic law (or claim is a better word) that prices are regulated by supply and demand. Every one admits that supply and demand have a lot to do with it. But there are other factors that intervene to shape prices—including monopolies, greed, loopholes in the laws, manipulation of markets, propaganda, and the pitiful condition by which the consumer is held up in so many cases for the last penny he can stand.

But the presidential campaign is teaching sound economics along with the distorted and false, because it is making people THINK. Our national political circles cost a lot of money and disrupt business conditions. They are worth all their cost, however, if for no other reason than that they periodically focus the public's attention on evils that are undermining political and economic democracy.

The wise man listens carefully to both sides before deciding.

## Prosperity

Production of the leading basic industries dropped off more than a fifth between February and position of being on both sides at once.

The situation is unusually interesting not because it embarrasses Mr. Stone, but because it presents so clearly the viewpoints of capital and labor in present-day industry, and because it suggests the error on both sides. Labor will have to be concerned with whether capital makes profit, and capital will have to be concerned with whether labor makes a living, before industry is established on a fair, sound and permanent basis.

## HISTORICAL MINDEDNESS

It has long been believed that good history can be written only long after the recorded events have occurred. Contemporary writers see the events of their own day in partisan and distorted view. Several generations later writers are able to get a true perspective on those same events and to present them to them to the world dispassionately.

However true this may have been in the past, according to James Harvey Robinson of Columbia University, it will not always be so in the future. Already the popular attitude toward current events is changing and the time will soon come when the best histories are written as the events occur. People are gradually gaining what this authority calls "historical mindedness." He adds, "When we come to live in a present which is the recognized outcome of the past and the vestibule of an inevitable future, we shall write our own history better than anyone to come."

All of which is something of a compliment to recent historians who have broken away from the habit of emphasizing important dates and have striven mightily to show causes, tendencies and results.

People are slowly becoming less anxious to have their own history presented wholly in a favorable light than they are to have the truth about all history and to find out what everything was all about anyhow. Tolerance is far from a universal virtue yet, but it is making steadfast gains, and the tolerance of "historical mindedness" is one of the finest phases of this advance.

**WHITE DEER SEEN**  
**BOONERS FERRY, Idaho** (AP)—White deer, a buck and doe, have been seen near here recently, according to reports from several sources. George LaFountain, a rancher, said the doe was entirely white while the buck had two brown spots, each about six inches in diameter, on his back.

## PLAN HEALTH CLINIC TO BE HELD IN CITY

Physicians From State Department Will Assist in Program at Josephine Milligan School Thursday October 9.

Plans are under way for the holding of a public health clinic in this city on Thursday afternoon, October 9. This is the day for the regular meeting of the Jacksonville Clinical Society, and it has been decided to turn the health department under the direction of Dr. T. A. Mann.

The local health officer is arranging a profitable program. It is planned to make the clinic to determine whether children under observation are susceptible to scarlet fever and diphtheria. The clinic will be held at the Josephine Milligan school, and if there is an extra large attendance and an unusual number of cases, some rooms in the high school building will probably be utilized.

Dr. Mann has arranged for at least two physicians from the state department of health to take part in the clinical program. The subjects for observation and treatment will of children of school age, and the work of the clinical staff for that day is expected to be helpful in the solution of public health problems as they relate to children.

**RETURNS TO CHICAGO**

 Mrs. Cass Hamn and little son Robert, of Prospect street, motored with friends to Decatur yesterday where they will spend the week end.

## CHAPIN NEWS NOTES

The Ladies Aid society of the M. P. church met with Mrs. J. M. Fox Thursday afternoon. The roll call was answered by telling a funny story. The afternoon was pleasantly spent in work on a quilt. A business session was held and a social hour followed at which time the hostess served refreshments.

Principal Russell Hovey of the Community High school accompanied the agricultural class to the state fair Thursday.

Chapin has been well represented at the state fair this week, quite a few of our citizens attending at some time during the week, most of them making the trip by automobile.

Mr. and Mrs. Chris Nienhueser and daughter, Miss Stella Nienhueser and son Willard of Blackburn, Mo., who have been the guests of relatives for a few days, left Friday for Springfield to visit the fair remote home.

Mr. and Mrs. J. M. Fox expect to spend the winter at Gibson City, where the former's brother and wife, Rev. and Mrs. Ezra Fox. Owing to the poor health of Mr. Fox they are more or less "shut in" during the winter and feel that it will be more pleasant in every way to be in Gibson City with their brother and his wife. They expect to leave next week. Their many friends here are sorry to have them away but wish for them a comfortable and happy winter.

**MISS HELEN ENGEL IS AWARDED SCHOLARSHIP**  
 Miss Helen Engel of Chicago, who has been in the city for several weeks a guest of her grandmother, Mrs. L. E. Engel on East Court street, yesterday received the announcement that she had been awarded the Lillian Gertrude Selz scholarship for the second year at the University of Chicago. This scholarship is awarded to the young woman in the freshman class who has the highest general average, and includes tuition and \$25 in cash.

Naturally Miss Engel is very much pleased at this honor which she has won in her studies at the University.

Free band concert and entertainment at Nichols Park Sunday afternoon at 2:45 o'clock. Everybody invited.

## How System Saves

One marked advantage in having this company act as executor of your will and trustee of your estate is its businesslike systematic methods developed over a period of more than 50 years.

There is a time and place for every step to be taken. Nothing is omitted. There are no unnecessary delays. Investments are periodically reviewed and carefully watched. Accounting is exact.

Contrast this effective, dependable system with the work of the average individual executor trustee without facilities to do a businesslike job.

## MURRAYVILLE MINISTER GIVEN FAREWELL

Farewell Social Is Given Friday Afternoon at Methodist Church for Rev. W. C. Harms—Other News Notes

Murrayville, Sept. 20.—Rev. and Mrs. W. C. Harms and daughter Miss Ruth, were given a farewell social Friday evening in the basement of the church. The attendance was good, considering the down pouring rain, which kept a goodly number away. The evening was spent in a social way and during the hours substantial refreshments were served. In a few fitting remarks the president of the Ladies Aid society, Mrs. C. S. Martin, presented Rev. Mr. Harms and wife, each a \$5.00 gold piece from the society as an appreciation of their labors among us.

T. G. Beadles then presented Mrs. Harms with a beautiful teacher's Bible, to show in part, the esteem in which she was held a teacher of the young men's Sunday school class, known as the "Rustlers." She was also presented an album, containing a photograph of each member of the Young Woman's Home Missionary society, in which she has labored so faithfully for its success.

It is needless to say these tokens were greatly appreciated as the kindly response proved that.

Rev. Mr. Harms and family left Saturday afternoon for a short visit with his brother, Rev. J. C. Harms and family at Kane, Ill. and will then proceed to their new field of labor at Ridge Farm, Ill., carrying with them, the best wishes of a host of friends for their future success and happiness.

Mrs. George Tammahill spent Sunday with friends in Peoria.

Mrs. C. A. Rousey of Jacksonville was a visitor Sunday at the home of Mr. and Mrs. H. B. Rimbey.

Mr. and Mrs. J. T. Warcup, Miss Mary Black, C. T. Daniel and Warren Wright went to Jacksonville Wednesday night to hear ex-Governor Deneen deliver an address in the court house.

A BANQUET THAT WAS ALMOST A TRAGEDY

"Three years ago at a banquet I was stricken with acute indigestion. Two doctors worked over me for an hour before I came to. I had had severe colic attacks before, but nothing like that. No doctors or medicine gave me permanent help until a friend, who was at the banquet, advised me to take a course of Mayr's Wonderful Remedy, which I did with wonderful results." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all drug-gists. Adv.

Yester-day's

WIFE

A divorced woman is the heroine. She still loves her husband secretly and devoutly. She makes every effort to bury the past. Just when she thinks her bruised heart is responding to the treatment devised through constant travel as the companion of a rich woman along comes the man with a new wife.

Thrown together, the former husband and wife and the new wife become the center of fast-moving romance that is gripping and realistically told by the motion picture camera. One big scene follows another with lightning tensely. The former wife has a big dramatic scene with another man

in a roadhouse whither she goes in the hope of keeping sacred the honor of her ex-husband, and to prevent the second wife from committing a breach of faith. She is trapped by the other woman, who unknown to her, is reviving a love affair with a traveling salesman, a dancing fool and who loves speed via motor.

The first wife extricates herself through timely intervention of the old woman with whom she travels. The second wife starts a speed thrill in a sail boat. A speed boat crashes into it and both are killed instantly.

# MORGAN CO. LEAGUE OF WOMEN VOTERS

The "Get-the-vote-out" chairman of the Morgan County League of Women Voters met at the home of Mrs. W. C. Bradish on West College avenue Thursday to formulate plans for their respective committees for the fall campaign.

At noon a buffet luncheon was served and the afternoon following was spent in discussing plans. A number of suggested plans were accepted, and the work of arranging details assigned. The plans include every member of the league as a direct worker. The details will be publicly announced later.

The meeting was a very enthusiastic one. Mrs. Thomas W. Smith's remarks were especially interesting, enthusiastic and sincere. She quoted from the national president, Mrs. Maude Wood Parks who made such a stressed point in the national convention of the necessity of individual work in order to roll up the poll vote to respectable figures, to retain America as a Democracy, and not a minority ruled people.

Thus the league is beginning its activities toward "doing its bit" if we may refer to a war period expression, in getting out the vote at the Nov.

4th election, the goal being set at 75 percent, minimum, with a 90 percent maximum at least in Jacksonville, held for by the idealists.

Reviewing past records, this does not seem to be just a dreamer's vision, for when dreams have been realities and entered the realm of cold facts, the dreams have vanished, and dreamers have become seers. Some poet once said something like this "what man has done, man can do," and might not this be equally applicable to women? There is no reason why the Morgan county women, at least in Jacksonville, should not poll a 90 percent vote Nov. 4, for it may be recalled that when Jacksonville voted out the saloons in 1913 (which gained her national wide publicity as she was the first city of her size to vote out the saloons under local option) that there were 4,000 women voters in the city and 3,600 of them voted, thus polling 90 percent. The election this year comes on the 11th anniversary of that noble double achievement. Women we have done it once! We can do it again! Everybody get his shoulder to the wheel of the vote chart, and roll her to the polls with the 90 percent. The great aggregate is made one by one. Start the endless chain of voting, by voting yourself, and getting some one else to vote, who

gets another woman, who in her turn gets another, and another and another, and so on, until the dream is an accomplished fact.

Did you know that over 7,000 women in Morgan county did not vote in Morgan county at the April primary? There are 10,904 registered women voters in the county according to the 1920 registration.

This fall, all over the United States, there will be held not only for the women, but also for the men, schools of instruction pertaining to election knowledge. The records at these schools are needed. Many votes are lost through ignorance of the use of the ballot. A scratched ballot must be done correctly.

Morgan County League of Women Voters Sept. 21.

Let's make Morgan County, Our County—Maximum in Votes, Minimum in Mistakes at the November 4 Election.

At the meetings this fall there is going to be a renewed interest in community singing, the two following sung to the tune of My Maryland and Illinois, respectively, are proving very popular. Mrs. A. L. Adams has arranged the words of "Illinois" suitable for Morgan county. We suggest that women clip these from the paper, paste them on cloth and carry them in their purses until after the election, and wherever congregations of women meet, sing these enthusiastic songs.

Sung to the tune of Maryland, My Maryland:

Americans, awake and hear,  
Come out and vote, come out and vote.  
The voice of duty sounding clear,  
Come out and vote, come out and vote.  
From every household, far and near,  
Let all who hold their country dear,  
Come out and vote, come out and vote.

From Golden Gate to Casco Bay,  
Come out and vote, come out and vote.

Why will you throw your right away?  
Come out and vote, come out and vote.

The world is watching. Shall it say  
Democracy has lost its sway,  
Democracy is dead today?  
Come out and vote, come out and vote.

Recall how dear our rights were bought,  
Come out and vote, come out and vote.

Recall how long the fight we fought,  
Come out and vote, come out and vote.

Will you come vote, as vote you ought  
Or has the world right to the thought  
That all the battle was for naught?  
Come out and vote, come out and vote.

Wake, wake, and hear your country's call,  
Come out and vote, come out and vote.

Corruption thrives when polls are small,  
Come out and vote, come out and vote.

Corruption's plans come and fore-stall,  
End rule by half, have rule by all.  
Democracy, you shall not fall!  
We'll come and vote! We'll come and vote!

EUGENE, Ore. (AP)—The Rev. William Biard has a charge that covers one-third of the state of Oregon. Of one part of his rounds through the eastern end of the state, he remarked, "Sixty-five miles without seeing a ranch house or a dog to bark at me." In this district there are 20,000 square miles given to cattle ranges. Dr. Biard works under the synod of the Presbyterian church.

VIENNA. (AP)—Nearly all children affected with the habit of stuttering may be cured if the patients are given proper care in time. This was the consensus of opinion expressed by experts at the first congress ever held on the continent to discuss improvement of the power of speech and the voice among youngsters.

## WINCHESTER BOY IS PAINFULLY INJURED

Virgil Dolen Meets With Painful Injury Saturday Afternoon When Bicycle Collides With Horse—Other Winchester News

Winchester, Sept. 20.—Virgil Dolen, son of Mrs. Nellie Dolen, was very painfully injured Saturday afternoon while riding on a bicycle near the Hunter & Allen lumber yard. A team was coming out of the driveway and the boy, failed to see them in time to avoid collision with the horses. The front wheel of the bicycle came into violent collision with one of the horses, which became frightened, reared and started to run. The child was thrown under the wagon wheel and the horses' feet, suffering a severe chest injury. He also sustained several cuts and bruises about the body.

The injured boy was given attention by Dr. H. H. Fletcher and while it is thought that his injuries are not serious, it is impossible to tell at the present time whether or not there are internal injuries. The many friends of the family hope for the child's speedy recovery.

The funeral of little Leah Frances Coe will be conducted from the Methodist church at 2 o'clock Sunday afternoon.

Long Time Resident Dies  
Mahl Lewis passed away at his home Saturday morning after an illness of several weeks. The deceased had lived with his brother on South Main street and had been a resident of Winchester for many years. Burial services will be conducted by Rev. Mr. Lough Sunday at noon from the Sappington undertaking rooms.

Hostesses who will preside at the tables include the following cabinet members: President, Edythe Hall; vice-president, Myra Chiles; treasurer, Vivian Pasmars; secretary, Lucille DeSlem; undergraduate representative, Lois Owen; social secretary, Edna Byers; social service, Marian Chapman; advertising, Helen Lawson; world fellowship, Irene Mallison; freshman commission, Margaret Burgess; devotions, Mary Thomson; finance, Lucille Crawford.

**Many Festivities at I. W. C.**  
The social calendar of the Illinois Woman's College is crowded with a number of interesting events to take place within the next two weeks. Eagerly looked forward to are the two weeks of "Rushing" which the four societies of the college: The Lambda's, Phi Nu's, Belles Lettres, and Theta's, will open formally with their first meetings of the year, Tuesday afternoon. Rush days are to continue for two weeks and will include a round of teas, luncheons, theatre parties and informal picnics.

Tonight the traditional custom of Calling when the older girls will call on the new ones, will be formally carried out. At two o'clock this afternoon the Y. W. C. A. will hold the first of its Sunday meetings with its President, Miss Edythe Hall, conducting the short service.

The Athletic Association announced its annual picnic for Monday evening at 5 o'clock to be held at Nichols Park.

**Woman's College Y. W. Gives Reception**

Introducing a series of delightful parties which will feature the opening days of college at the Illinois Woman's College, the Y. W. C. A. Association entertained last night with a formal reception, given in the college gymnasium, in honor of the new students.

In the receiving line were the members of the Advisory Board of the Y. W. C. A. with Miss Austin, Miss Teague, Miss Helen Thompson and Mrs. W. N. Stearns

and the members of the cabinet, who included Misses Edythe Hall, Myra Chiles, Vivian Pasmars, Lucille DeSlem, Lois Owen, Edna Byers, Marian Chapman, Helen Lawson, Irene Mallison, Margaret Burgess, Mary Thomson and Lucille Crawford.

The guests enjoyed a short musicale, which included violin selections by Miss Christine Cotner and a vocal solo by Miss Gwendolyn Schroyer, two of the most talented of the college musicians. Miss Marian Chapman entertained delightfully with a reading and a novelty stunt put on by the faculty was a feature of the evening.

Miss Edythe Hall, as president of the Y. W. Association, gave a brief speech of greeting extending the new students a warm welcome to the college and assuring them of a pleasant year, rich with friendships and college associations.

Light refreshments were served during the evening.

**Social Domestic Science Club Met Friday**

The Social Domestic Science club met Friday afternoon at the home of Mrs. Jane Carter, East Superior avenue, with a good attendance, several guests being present. After the usual business program the club enjoyed appropriate refreshments served by the hostess. The club will meet the third Friday in October with Mrs. Millie B. Davis on Richards street.

**MATRIMONY**

**Austiff-Stillwell**

The marriage of Ralph Austiff of Franklin to Miss Nellie Stillwell of Waverly was solemnized by Justice C. O. Bayha at his office on West State street. The ceremony was witnessed by Robert Mutch and Sarah Dennis.

**Davison-Mackey**

The marriage of Miss Catherine Mackey and Frank H. Davison both of this city occurred Monday afternoon at the St. Joseph church in Springfield according to word received here by friends. The ceremony was performed by Rev. Father Masterson and the couple was attended by Mrs. Mary Tulpin of Chicago and Peter Masterson of Springfield.

The bride is a daughter of Mrs. Margaret Mackey of Hardin avenue and the groom is one of the members of the firm of Mackey and Davison grocery store located in the east part of the city.

Following the ceremony the couple went on a wedding trip to Michigan and Niagara Falls. They will reside in this city.

**Blue-Frazier**

The marriage of Edward Blue and Miss Mary Frazier both of this city was solemnized last night by Justice J. A. Court at his home, 316 North West street. The ceremony was witnessed by Cleota House and Vernon Frazier. The groom is a laborer and the couple will make their home in Jacksonville.

**NEW AMBASSADOR PAYS KNOX COLLEGE VISIT**

Galesburg, Ill., Sept. 20. (AP)—Edgar A. Bancroft, recently appointed ambassador to Japan, today paid a farewell visit to Knox College, of which he is a graduate and trustee. Mr. Bancroft indicated that he expected to leave in about a month for Tokyo.

At a luncheon this noon at which he was the guest of honor, Mr. Bancroft said little about his mission abroad. He referred to the courtesy of the Japanese as a race and their reverence for parents. Gerald Kasayuma, a Japanese student at Knox for the past three years, welcomed Mr. Bancroft in his native tongue, as ambassador to Japan.

**K. OF P. GRAND LODGE WILL MEET IN PEORIA**

Chicago, Sept. 20. (AP)—Under the rule of advancement of grand lodge officers of the Knights of Pythias, B. P. Orr, of Joliet, will succeed Judge W. H. Moore of Peoria, as grand chancellor at the close of the 58th annual meeting in Peoria September 23, 24 and 25. The only contest will be for grand order guard for which Arthur James and T. F. Laramie of Chicago and Harry Bockman of Petersburg are candidates. The Pythian sisters will also meet in Peoria on the same day as the Knights.

**IRENE CASTLE'S FORMER HUSBAND ARRESTED**

New York, Sept. 20. (AP)—Robert E. Treman, second husband of Irene Castle McLaughlin, former dancer, was arrested last night in Ithaca, N. Y., on a civil order obtained by Mrs. McLaughlin from Supreme Justice Levy, it was learned today.

The order Treman has refused to return to his former wife some \$40,000 worth of securities which she had placed in his custody and to which she said she was entitled.

**SEVEN WORKERS' BODIES NOT YET RECOVERED**

Milwaukee, Wis. Sept. 20. (AP)—Rain and leakage from defective sewer temporarily delayed the search for the bodies of William Beljon and John Millich, sewer workers who were buried alive in a cave-in here Wednesday. Otto Cina, who was rescued in convalescing, Joseph Tica, another worker died as rescuers reached him. Investigation by city and estate authorities is under way in an effort to determine the cause.

## Menus for a Family

**Breakfast**—Baked apples, cooked wheat cereal, thin cream, creamed codfish on toast, milk, coffee.

**Luncheon**—Corn pudding, creamed celery, whole wheat bread and butter, jelly, tea, milk.

**Dinner**—Baked white fish, scalloped potatoes, mashed turnips, romaine salad, whole wheat rolls, steamed date pudding, milk, coffee.

With the exception of the romaine salad there is nothing on these menus a child of four cannot eat. He should not be allowed a large portion of the dinner pudding but as this is a simple, easily digested dessert it can't hurt him.

**Corn Pudding**  
Four or five ears of sweet corn, 1 tablespoon flour, 2 teaspoons sugar, 1 teaspoon salt, 2 teaspoons pepper, 1 cup milk, 2 eggs.

Grate corn or cut lengthwise through the center of each row of kernels, then cut a thin slice off tops of kernels and scrape out milk with blunt edge of knife. Beat whites and yolks of eggs separately. Beat yolks, until thick and lemon colored. Add corn, flour, sugar, salt, milk and pepper and mix well. Fold in whites of eggs beaten until stiff and dry on a platter with a wire whisk. Turn into buttered baking dish and bake half an hour

**LEMON SAUCE**  
One cup sugar, 1 cup boiling water, 1 tablespoon cornstarch, 1 tablespoon butter, 1 lemon, few grains salt.

Mix sugar and cornstarch. Add boiling water slowly, stirring constantly. Add salt and boil five minutes or until mixture is clear. Add butter and lemon juice and remove from the fire. Cool and serve.

A few gratings of the rind of the lemon can be boiled with the sugar and water mixture if a sharper sauce is wanted.

This pudding can be reheated and used later in the week if there is any "left-over."

## JAY EMBE'S CRUMBS

**We Wonder Why**

"Love your neighbor as yourself is a divine command and all Christendom professes it as a part of the foundation of the Christian structure, but just let some one attempt to carry it out in practical everyday living and we immediately have an examining board to ascertain his sanity or we plan to have him sent forth as an undesirable citizen, or tack onto him the label 'fool and criminal.' In any event we give him a wide berth. Isn't it strange?"

**Who Called Him Up?**

We read in a headline, that "Washington arrives in Peking." We always supposed if he came back he would look up America, first.

**Six-pence Too Much**

It's a Dail of tribulation to live in Ireland with all its turmoil and now comes the "six penny" tax, and we wouldn't want to be in the place of either The Minister of Finance, or the Post-master General, who are bearing the burden of this tax in the face of a promise that the tax should not be imposed, without discussion in the Dail, and it is asserted this was not done, the promise being ignored.

**They Also Wear Trappings**

Men have had much to say about the tendency of women to bedeck themselves with ornaments, yet unless the photographer is playing tricks, the pictures of men taken at conclaves of their secret organizations do give one the impression that men, too love to be embellished with gimerack and gewgaws, for some of the regalia would put to shame the most bejeweled frock of woman. Most of us have a little of the peacock in us.

**Dark Bodies Cast Shadows**

Six months good record by the labor party in England is being clouded by the Anglo-Russian treaty. Great dark objects cast a black shadow. If McDonald is big enough to dispel this cloud he is indeed a great statesman and diplomat.

**Illiteracy With Us**

The Department of the Interior is responsible for the following statistics: There are 3,000,000 native adult illiterates in United States. 2,000,000 of foreign born allowed to become citizens so that the United States faces the problem of educating 5,000,000 adults in the rudiments of education, that is to read and write. In the face of this alarming number of adults, who neither read nor write the English language, it is quite apropos that the American Legion and American Federation of Labor join hands to eliminate illiteracy in America. It is said that approximately one-third of the voting strength in presidential elections in America is unable to read and write.

**Unpopular Defense**

"Defending the down dog, is an ideal act, but it does not always follow that defender receives idealistic treatment either at the hands of he one defended or the populace.

**Reward of Merit:** The merit comes in this world, the reward in the next.

**Unpopular Rulings**

Dr. William McAndrew, formerly of New York and now superintendent of the city schools of Chicago, is stirring some future among schools circles regarding school-hour conferences. The following amendment reads: "... That no dismissal of pupils from their classes during regular school hours shall be made for the purpose of meetings of councils, either high schools or elementary."

"We know this ruling will meet with the approval of the tax paying public without children in the schools, but if the vote were submitted to the parents we venture a divided vote.

**Get 'em a Ticket**

Some of the lamp post, park bench and curbstone runners of the government, that stand around and say that there aren't any more opportunities in America than in the foreign countries ought to be shipped to some of these foreign ports and try life there awhile. We'd wager an American park bench would look like a throne to 'em.

**Mussolini's Unhappiness**

Italy has annexed Fiume, Jubaland and Rhodes—Mussolini confesses to "unhappiness" ever since Fiume was annexed. Naturally, but why should happiness continue with Jubaland? Sounds jubulant—and the addition of Rhodes is always a joy to an Italian.

**What Is Unladylike?**

To the women who do not vote because they consider it unladylike we should like to suggest that the feeling is not so far removed from that of her grandmother, who did not shop, because it was considered—unladylike. She did not sit on the same side of the house, with men, even at church, when accompanied by the male members of her own family; that too, was considered unladylike; she attended very few public gatherings for the same reason, and my dear friend, she

**Did not learn to read and write for a great many years, and only in very recent years has she done more than learn to read and write—it was considered unladylike to be educated, save in those things pertaining to lines of domesticity.**

She boasted no Godlike state of health, but fainted on slight provocation for it was unladylike to withstand messages or scenes with manlike fortitude. One might go on indefinitely while tracing the emancipation of women from idiotic slavery of convention—set rules under the false standard of what was ladylike. Today, we know just as refined women as ever any grandmother of the past ages could have been, who do their own shopping, (bargain-shopping at that) who attend church and public meetings with the opposite sex, who boast an education with as many letters proclaiming the degree, as their brother, and who have exercised the privilege of voting for the welfare of themselves, their families, and their country. Is it unladylike to be patriotic? Can one be patriotic and neglect so great a duty as the exercise of the franchise? Can one be 100 percent American and stay away from the polls?

## GIANTS DROP HECTIC CONTEST TO CUBS

Game Goes Twelve Innings, Chicago Clinching the Victory with a Four Run Rally—Score 7 to 3

NEW YORK, Sept. 20.—The New York Giants lost a hectic 12 inning game to Chicago today 7 to 3, but kept their margin of a game and a half in the pennant battle when Pittsburgh upset Brooklyn for the second straight day and ousted the Robins from second place.

The Cubs clinched the game with a four run rally in the 12th. McGraw sent five hurlers to the mound in an attempt to check the Cubs while Grover Alexander went the full route for the winners. The veteran would have won in nine innings had not Grantham let Young's grounder go thru his legs in the ninth with two out, the error enabling O'Connell to score the tying run.

A single by Heathcote, Grantham's sacrifice and singles by Fitzgerald, Friberg, Hartnett and Cotter figured in the Cubs' winning rally.

Frank Frisch injured a finger on his right hand in the eleventh and had to retire.

## SENATORS BEATEN BY BROWNS IN TENTH

Walter Johnson Driven From Box in First Inning—Goslin Gets Homer in Ninth but Wild Throw Lets St. Louis Register Two in Their Half—Score 14 to 15

ST. LOUIS, Sept. 20.—The Browns drove Walter Johnson from the box in the first inning and defeated Washington 15 to 14 in the second game of the series which went 10 innings here today.

With the score tied 13 to 13 in the ninth inning, Goslin drove out his second home run of the game to place the Senators in the lead. But in the Browns' half of the tenth inning, with two on, Marberry fielded Bennett's grounder and hurled it in to centerfield allowing Sisler and McManus to score, giving the game to St. Louis. Williams drove out a home run in the second inning.

## Can Hornsby Make It?

Cards' Star Is Shooting for Duff's Mark, .438, Highest Ever Made in Majors

HORNSBY WITH DUFFY IN THE BACKGROUND

The highest batting average ever made by a big leaguer over a full season's play is .438. It stands to the credit of Hugh Duffy and was made in 1894. Duffy then was with the Boston Red Sox. The most sensational hit-maker in baseball today is Rogers Hornsby of the St. Louis Cardinals. Hornsby has been hitting far above .400 all year and is striving to equal or pass the immortal Duffy figures.

## Falk And Bottomley Doing Heavy Batting

CHICAGO, Sept. 20. (AP)—Bib Falk the big Texan from Baylor University, by his heavy hitting and great playing for the White Sox, is fulfilling a prediction made by the late Frank Chance, a few days after the "Peerless Leader" has signed to manage the club, but whose health interfered.

"Keep that young fellow Falk in the game regularly and it will not be long before you will find him batting rings around all the rest of them," Chance declared. Averages including games of last Wednesday showed Falk trailing the Babe Ruth for the batting honors of the American League with a mark of .357.

Ruth tops the list with .384. The averages are of players who have participated in 100 or more games. Falk has participated in 127 games and cracked out 171 hits.

Walter Johnson, veteran pitcher of the Senators, who was voted the most valuable player of the season by his club, acquired another honor when defeating Cleveland. He hung up his 22nd victory, one ahead of Herb Pennock, star southpaw of the rival Yankees.

Eddie Collins added two more stolen bases, leading with 41. Babe Ruth is 13 home runs under his record of 59.

Other leading batters: Jimmie Bottomley, Cardinal first sacker, has entrenched himself safely among the ten leading hitters of the National League with an average of .331. Jimmy gained eleven points in a week. Rogers Hornsby, who touched the peak of his batting prowess about three weeks ago, and then was injured, returned to the game but he made only four hits in four games and dropped to .424. This mark, however, is far enough in front to again crown him champion. Hornsby leads in total bases with 350.

Jack Fournier of the Dodgers leads the home run hitters with 27. Cy Williams of the Phillies is next with 21. Max Carey with his 42 thefts has the honors for base stealing. Other leading batters:

Wheat, Brooklyn .372; Cuyler, Pittsburgh .363; Young, New York .354; Bressler, Cincinnati .346; Rousch, Cincinnati .343; Fournier, Brooklyn .335; Kelly, New York .333.

American Association  
A new American Association batting leader has stepped in the limelight in the person of Lester Bell, former member of the St. Louis Nationals, who is playing short for Milwaukee. Bell collected 20 hits in 34 times at bat, which boosted his average to .363. Five points ahead of Johnny Neun, St. Paul, who headed the procession last week. Neun in the week suffered a loss of ten points. He

trails Bell with 358. Christiansen, St. Paul, leads as a run getter with 137 but is being closely pushed by Neun who has registered 133 times. Neun, by stealing three more bases is now showing the way with 53 thefts, while Elmer Smith the Louisville slugger, failed to increase his home run mark of 26.

Other leading batters: Dressen, St. Paul .353; Earl Smith, Minneapolis .349; Murphy, Columbus .349; Brief, Kansas City .342; Russell, Columbus .341; Krueger, Indianapolis .338; Elmer Smith, Louisville .336; Kirke, Minneapolis .336.

Southern Association  
With the pennant race settled in the Southern Association, and Red Smith of Atlanta the batting champion for 1924, the remaining days will witness a hot scramble for second place honors among the batters. Dick Burris, another member of the Atlanta Club at present is holding down this honor with an average of .374 compared with Smith's mark of .385.

J. Stewart of Birmingham, is the base stealing champion, his record showing 60 thefts. J. Anderson of Chattanooga ran his string of homers to 26, while Paschal of Atlanta ran his total of runs scored to 135 before he departed to join the Yankees. Neuhaus is leading in total bases with 345.

Other leading batters: Guyon, Little Rock .346; Paschal, Atlanta .341; Barger, Little Rock .338; Tucker, New Orleans .337; Hawks, Nashville .336; R. Williams, Mobile .336.

Western League  
Jack Lovell, veteran pilot of the Tulsa club, is making a strong stand for the batting honors of the Western League and is topping the list with an average of .386, five points ahead of Miller of St. Joseph, who is hitting .381. Lamb of Tulsa, who has been challenging his manager for the honors the greater part of the season is in third place with .378. Lovell played in 139 games and in 528 times at bat cracked out 204 hits, which included 50 doubles, 8 triples and 7 home runs.

Washburn of Tulsa has practically clinched the honors as best run getter with 162. The bat race for honors as home run king finds Washburn of Tulsa leading with 39. He is being pushed by Davis, a teammate, and Callon of Omaha, who are tied with 38 each. Smith of Wichita failed to increase his base stealing record of 50.

Other leading batters: Gindardi, Denver .371; Washburn, Tulsa .362; R. Brown, Wichita .362; Dunning, Wichita .356; O'Brien, Denver .351; Osborne, Omaha .350; Butler, Wichita .348.

YANKEES SEEK SHORTSTOP  
Despite the fact that Manager Huggins says he is perfectly satisfied with the playing of Shortstop Scott, the Yankees are hot after a substitute able to take his place. Several minor league stats have been signed.

## TIGERS WIN FROM YANKS IN NINTH

Manush Scores Winning Run After Getting His First Hit of the Game—Final Score 6 to 5

DETROIT, Mich., Sept. 20.—Detroit won another ball game from New York in the ninth today, 6 to 5. All the action took place in the final innings. New York tied the two run lead of Detroit in the eighth. The Tigers made three runs in their half and New York came back with three runs in the first half of the ninth. Manush made his first hit of the game in the Tigers' half and scored the winning run a minute later.

Ty Cobb, veteran manager of the Tigers, made his 200th hit of the season in the first inning, the hit scoring the first run. Babe Ruth went hitless through the game, striking out once. Meusel, however, contributed a home run.

## FANS ANXIOUS FOR FOOTBALL OPENING

Two Games to Be Played in Jacksonville Next Saturday—L. S. D. Tigers to Meet Tough Teams

This coming week will be an anxious one for the football fans of Jacksonville, in anticipation of the opening of the season next Saturday afternoon, when three of the four football teams will be seen in action, the first chance to be had to judge their probable worth, but the fact should not be overlooked that many a team makes a bad start but finishes in a whirlwind, and vice-versa.

The L. S. D. Tigers will go up against the J. H. S. team on Illinois field, and at about the same time Coach Harmon's Blue and White squad will be trying conclusions with Lincoln, on the hill, as the main attraction for Rookie Day. It is practically impossible to get an advance line on any of these three Jacksonville teams as all of the coaches are playing the part of the wise old owl and saying not a word as to their belief in the chances of annexing their first game. All admit that they have an excellent looking bunch of candidates, but go further by saying that it must first be seen how different players stand the gaff when up against a tough enemy.

Coach Robey Burns of the L. S. D. Tigers has cooked himself up anything but easy sailing when he scheduled such teams as Champaign, Florida, and Panama, to say nothing of the Turkey Day game at Olathe, Kansas, against the husky bunch who claim

the Kansas State School for the Deaf as their home. The Tigers have several open dates, but among the games scheduled so far they will play three games here, and three away from home. Their schedule to date reads as follows:

Sept. 27—J. H. S. at L. S. D.  
Oct. 4—Routt at L. S. D.  
Oct. 11—Open.  
Oct. 18—Open.  
Oct. 24—at Champaign High.  
Nov. 1—Flora here.  
Nov. 8—At Panama High.  
Nov. 15—Open.  
Nov. 22—No game.  
Nov. 27—At Kansas State School for Deaf.

## "RED'S" BROTHER IS ALSO HARD HITTER

URBANA, Ill., Sept. 20.—Garland "Red" (Junior) Grange, brother of the All-American halfback promises to be as much of a disturbing element on the gridiron as the elder member of the family. While taking part in tackling drill today he crashed into Howie Gould, former Senn High school, Chicago, athlete. Young Red was out but so was Gould, who came up with a broken arm.

Coach Zuppke's varsity was busy registering today and the workout consisted of a half hour with the dummies.

Free band concert and entertainment at Nichols Park Sunday afternoon at 2:45 o'clock. Everybody invited.

## Billy Evans SAYS

Is great pitching more interesting than superlative batting? The remarkable twirling of Dazzy Vance, star pitcher of the Brooklyn club, is responsible for the query.

Is Vance's chances of establishing a new pitching record as interesting to the fans as was Babe Ruth's feat of making 59 home runs?

Fandom, I believe, is as much interested in great pitching as hitting. However, pitching does not draw them at the gate as does the feats of a bat.

Ruth, when he was establishing his record of 59 home runs, was breaking attendance records everywhere. The fans flocked to the park to see him in action cheered him when he hit a homer, "razed" him when he struck out.

While the National League fans have marveled at Vance's great pitching, still the fact that he was scheduled to pitch established no new attendance records.

Which merely proves that while the fans may be equally interested, they want to see the hitting of home runs but are content to read about extraordinary pitching performances.

When Vance won his 26th game with only four losses for the season, he surpassed the mark made by Bill Donovan in 1907. That year Donovan won 25 and lost four.

Joe Wood in 1912 captured 34 games and lost only five for a percentage of .872. This is the best mark ever made by a major league pitcher in the history of the game.

Vance has a chance to break this record if he can add two more victories to his credit before the close of the season and suffers no losses. That would give him a final rating of 28 won and four lost for a percentage of .875.

This surely has been a great season for the Brooklyn star. After being tossed around in the minors for years he finally comes into his own. He ranks today with the great Walter Johnson.

Peculiarly enough, both Johnson and Vance use the same style, a fast ball being their best asset.

The fine showing of Vance and Johnson this year, as well as the improved pitching in both major leagues makes it seem as if the twirlers were working themselves back to a fifty-fifty proposition with the batsmen, who for years have been supreme.

## THREE MORE BASEBALL GAMES FOR INDEES

Not many more chances to see Frank Smith's Indies in action during the season of 1924. This afternoon the Roodhouse Nationals will be at South Side park for the deciding game of the series, both teams having won two games, so today should be a sizzler. Then on next Sunday the Springfield Paris Cleaners come back for the closing of the regular Indies season, but next Sunday's game will be followed by an exhibition game with the St. Louis Cardinals on October 1st, so let's all bury our grandmothers on that Wednesday afternoon, when the big boys come to show their stuff.

The game today will be called at 2:45 o'clock and the managers announced the following lineup for the tilt.

Nationals—G. Feeney, rf; Fennell, 2b; Myers, ss; Dunham, 3b; Richards, cf; McHugh, lb; A. F. Jones, lf; Ford, c; Schaffin and Vaughn p. Indies—French, cf; Clark, c; Ruple, rf; Boyd, ss; Wilson, 3b; Christopher, lf; Carter, lb; DeFries, 2b; Lowder, p.

Dick Arnold, a 1924 graduate of the Jacksonville high school, left this morning for Urbana, where he will enter the University of Illinois.

## Game's Best Catcher?

That's What They Are Saying About Muddy Ruel, One of Washington's Mainstays

MUDDY RUEL

No team ever won a championship without a great catcher behind the bat. (Which is where all great catchers should be, of course.) Washington has one of the greatest catchers in baseball in the person of Muddy Ruel. Indeed some experts call him the outstanding catcher of the year, now that Schalk Perkins, O'Neill and other veterans have slipped materially. Ruel, quite naturally, has been an important factor in the Washingtons' sensational stand.

## No Nut Cracker

No man should hope or success as a dice thrower unless he can feel it in his bones.

Maybe the reason the electoral college has no cheer leader is that it seldom has anything to cheer about.

All of Man O' War's colts turn out to be great runners, says a head line. As if anyone expected to turn out to be great violinists.

Will Rogers says he can see nothing funny in a man falling off a horse. But if he falls on his funny bone, isn't that different?

Our idea of an optimist is one who expects to live to see the day when football experts stop calling it a pig skin.

A new picture shows the prince without his shirt. Well, he would learn how to play poker!

Tommy Gibbon says the trouble with English heavyweights is that they don't fight often enough. It has been our observation that they don't fight long enough.

They are building a marble baseball monument in Washington, a tribute no doubt to Charlie Zimmerman, who chased Eddie Collins home with a winning run in a world series.

Bill Tilden has enjoyed five years of uninterrupted success as a tennis champion. What he does for recreation is not known.

There is this drawback about living in a small town. Sooner or later you'll have to listen to Gallagher and Shean.

Babe Ruth is undecided whether to spend the winter in the city or out on the farm and until this thing is settled one way or another the world can hardly be expected to revolve in its normal orbit.

If it does nothing else, the \$150,000 purse will destroy the myth that Harry Wills is a poor, downtrodden stevedore.

**WHITE SOX SLUMP WAS BIG SURPRISE**

CHICAGO, (NEA)—What's the matter with the Chicago White Sox? That seems to be one of the big questions of the American League campaign. The Sox just naturally have upset the dope by trailing along in last place.

In team batting the club ranks about on a par with Detroit. It has six men hitting over .300, five of them being regulars. They are Collins, Falk, Sheely, Mostil and Hooper. Only two of the seven "every-day" players, namely Barrett and Kamm, are clouting below the elite division. Archdeacon is the sixth man hitting above .300, though not a regular.

This year, however, Chicago boasts one of the poorest fielding teams in the club's history. It has made more errors than any other outfit in the majors. It has compiled about 40 more miscues to date than have the Yankees, and it has done it on fewer chances, too.

A fairly good hitting club. Chicago's prowess with the stick has been offset by almost sadistic fielding and failure of the pitching staff to live up to expectations.

**YOUNG SONS MAY REVIVE OLD STAFF**

NOTRE DAME, Ind. (NEA)—Will the old battery of Ed Walsh and Billy Sullivan be revived by their sons?

That questions has arisen in the minds of sport followers, as it becomes certain that the sons of the famous White Sox pair will meet at Notre Dame for four years in baseball.

That Ed Walsh Jr., will wear the Irish colors was assured a few days ago when the old White Sox pitcher, now coach with the Comiskey outfit, visited Notre Dame to arrange for his son's entrance this fall.

"Many schools in the east besieged the lad with offers," the elder Walsh said, "but," he admitted that his Irish spirit was largely dictating the decision, "the final say is mine. That's why he will come to Notre Dame."

A number of months ago relatives of Billy Sullivan Jr., announced that he would enter Notre Dame in September. In Massachusetts, where the prowess of the young athlete is universally known, the name of Billy Sullivan is one to conjure with.

Ed Walsh Jr., stands six feet one inch in height and weighs 178 pounds. "He huris a baseball much better than I was ever able to do at his age," says his father.

Back in the old days, when the White Sox were winning pennants with regularity, Ed Walsh was a great pitcher and Billy Sullivan a great catcher.

**CLUBS RUN ON BUSH**

American League clubs this year have been taking advantage of Joe Bush's weakness in holding runners on the bases. The Yankee star has a peculiar windup that permits the base-runner to get a big jump on him. Clubs that are wise to his style have profited greatly thereby.

## RED HOT TIMES IN BOTH MAJOR LEAGUES

Dodgers and Pirates Change Places and Yet Both Remain Game and Half Behind Giants—Senators and Yankees Both Drop Games

NEW YORK, Sept. 20. (AP)—There was no let up in the terrific tension and little relative change to night in the positions of the major league pennant rivals after a hectic day of battling that included three extra inning games.

Pittsburgh provided the major thrill by downing Brooklyn in 11 innings for the second time in a row and taking second place from the Robins by a margin of two points.

While Pirate prospects thus were improved, the Giants, despite a defeat at the hands of the Cubs in 12 innings, were able to retain their game and a half margin at the top. Although their percentage total is less than Pittsburgh's the Robins also are within a game and a half of the champions.

Both Washington and New York were defeated in the American league and the Senators still cling to their margin of one game, Washington lost to St. Louis in ten innings, while Detroit conquered the Yankees for the second straight time.

The standing of the leaders:

**National League**

**HAGEN BEATS BARNES FOR NATIONAL TITLE**

FRENCH LICK, Ind., Sept. 20. (AP)—Walter Hagen of New York, added another title to his list today by defeating James Barnes of New York two up in the 36th hole finals for the national professional golf championship over the championship course at French Lick.

Hagen, who has won virtually every open title in the world and now is possessor for the second time in three years of the British open crown had a narrow escape today at the hands of the tall Englishman who after he was four down at the end of the morning round, managed to cut Hagen's lead to two up at the 27th hole and had him one up at the 29th.

Hagen finally became dormie two only to drop a short putt at the 36th hole but Barnes threw away the final hole by pitching his irons, over approaching on the green.

Outside of putting, Barnes played Hagen at least even and the latter got so badly trapped on the 25th hole that he had to pick it up.

Hagen has played steadily thruout the tournament, qualifying in a tie for second place in 141 strokes and winning all his matches by a handy margin. His closest preceding contest was with John Farrell of New York, who carried the British championship to the 34th green after he had defeated Tom Harmon 6 and 5 and Al Watrous 4 and 3.

Hagen had his easiest match yesterday with Ray Derr of Philadelphia whom he eliminated 8 and 7.

## POWDER CHARGES START AIRPLANES ON FLIGHT

Washington, (AP)—The motive force of explosives may supplant that of compressed air in catapulting airplanes from the decks of naval vessels as a result of recent tests at the Anacostia, D. C., air station.

In the new catapult a pistol shot ignites a powder charge which literally "blows" the carriage on which the plane rests to the rail at the rate of 60 miles an hour. The car is stopped abruptly by hydraulic bumpers, but the plane continues on its way.

Space occupied by air compressors is saved in the improved type and loss of time, formerly devoted to recharging the tanks for each flight, is averted.

## SALVATION REVIVAL TO BEGIN TUESDAY

Col. Bringle, Salvation Army  
Evangelist Will Conduct Series  
of Meetings in City This Week.

The revival campaign which will be conducted at the Salvation Army Hall by Colonel S. L. Bringle, D. D., will begin on Tuesday, Sept. 23 and continue thru Sunday, Sept. 28. The meetings will commence promptly at 8 o'clock and will be preceded by an open-air meeting. Captain Earl Lard will accompany as singing director and soloist. Colonel Bringle was born in Indiana in 1869. His father was an officer in the Union Army, and lost his life at the siege of Vicksburg. The Colonel graduated from DePauw University, Greencastle, Indiana, in 1883.

It was while studying theology in Boston University that he met the Salvation Army, which he joined in 1887.

He spent six months in England, passing through the famous London Training College. On returning to the United States he was stationed at a number of Corps in New England; was almost killed in Boston during the prosecution of the Army in early days; was District Officer of Maine, New Hampshire, West Massachusetts and Rhode Island district; General Secretary of Northwestern Chief Division, and also of the Central, with headquarters in New York. Since receiving his present appointment he has conducted vast campaigns in this country and abroad. He has girdled the globe with kospel services so successfully that today his help is eagerly sought for all parts of the world. The Colonel is one of the Army's best known writers on spiritual subjects, and author of such interest-

ing books as "Helps to Holiness," "Soul Winner's Secret," "The Way of Holiness," etc. Col. Bringle will be remembered by Jacksonville residents having conducted a revival in the city about 20 years ago at the First Baptist church. While in the city he will address the high school, Illinois College, Illinois School for the Blind, Rotarians, Kiwanians and Lions.

## CAR OF LIMESTONE GOES TO ELMER SAUER

At the farm bureau tent during the Morgan county fair tickets were given out with the understanding that some fortunate person would become owner of a carload of limestone given by the Columbia Quarry Co. Elmer Sauer of Winchester is to receive the car from the company which donated it and will no doubt apply the limestone upon his land. H. R. Gillespie of the Kopper Insurance Agency and Miss Helen Hart of the Strawn & Spink Insurance Agency officiated when the decision was made as to whom the car of limestone properly belonged.

## FARM OWNERS CLAIM DAMAGES FROM CITY

Board of Appraisement Has Been at Work to Determine What City Must Do To Meet Demands of Nine Farm Owners On Account of Overflow.

Three appraisers have been at work during the past week in an effort to determine the extent of damage claims made against the city by nine farm owners to the east and southeast of Mauvaisterre lake. About a year ago when the city raised the level of the spillway, bringing the water to a sixteen, instead of a fourteen foot level, farmers in the vicinity asked damages, claiming that the water backed up on their land and flooded acres of good soil. They claim the water has repeatedly overflowed and will continue to do so every time heavy rains swell the quantity of water in the big lake.

As the farm owners and the city officials have been unable to agree as to the extent and amount of damage done, it was decided to select a board of appraisement, consisting of three men. The city officials named Louis Lowenstein of White Hall, the land owners selected C. A. Rowe of this community, and these two chose a third man, Fred Wallbaum of Ashland.

The appraisers are under agreement to make a written report to the city as to their findings in the matter, and as to the amount of damage, if any, which they regard as just for the city to pay. The report will probably be made sometime this week, as the appraisers are understood to have practically completed their work.

The owners who have complained of water damage to their lands and who are asking compensation from the city for the same are Marcus Hullett, R. R. Wood, Mrs. William R. Routt, C. H. Story, J. R. Middendorf, Henry Marthole, Albert Holly, John Lukeman and George Lukeman. The land owners and the city have agreed to accept the appraisers findings.

## THREE NABBED WHEN CAUGHT WITH HOOTCH

Sheriff's forces made three arrests last night, and Ed and Harry Large and James Faust are lodged in jail as the result. The men were picked up while travelling about town in a truck. They are said to have been intoxicated and in possession of a small quantity of liquor.

The men were taken before Justice C. O. Bayha and each was placed under a bond of \$500 charged with unlawful possession of liquor. Being unable to give bond, they were confined in the county jail.

Harry Large is already under a fine of \$300 on a similar charge, and according to statements from the sheriff's office last night, he will now be obliged to pay this fine or serve out the amount in jail.

## LOCAL RESIDENTS ATTEND A. P. MEETING

The annual meeting of the Associated Press Good-Fellowship Club will be held in Peoria today at the Jefferson Hotel.

Joseph L. Pine, W. A. Westrope and Walter DeSbara will attend from Jacksonville.

## AMERICAN LEGION CORPS IS EFFICIENT BODY

The Jacksonville American Legion Drum and Bugle corps after working hard on a good program of music feel that they are now ready to take on any engagements. The corps under the capable leadership of Roy Clifton have been practicing faithfully for several weeks with the result that an efficient body of musicians makes up the body. Any funds which the corps may make will be applied to the American Legion Memorial Home building fund.

## SMALL BALLOON FLIES LONG DISTANCE

Several residents of Jacksonville have sent up small balloons in recent weeks with the results of their landing being varied. However, it is believed that Fred Lynn now holds honors for sending up a balloon which traveled the longest distance.

Mr. Lynn released the balloon on Friday evening at 7:25 o'clock and a letter received by him recently states that the balloon was found in Tulsa, Oklahoma, at 5:45 o'clock. The distance by air line is approximately 500 miles.

## KIWANIANS BELIEVE IN CONSTITUTION

The observance of "Constitution Week" by the Jacksonville Kiwanis club with the hundreds of other Kiwanis clubs throughout the country is a high spot in carrying out the club's policies and objects.

These clubmen feel that the need for a sound and active citizenship having a respect for the law, knowledge of the principles of our government, and a capacity for judgment of public issues, was never more needed than at the present time.

They state that it is important for the people of the United States to know what their constitution is, and how it affects each individual, his rights, liberties and responsibilities. What could be more appropriate to the week than the words of the American Creed: I believe in the United States of America as a government of the people; by the people; for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice, and humanity for which American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to my country to love it, to support the constitution; to obey the laws; to respect its flag; and to defend it against all enemies.

## FIND COIN LOST IN PARK HOTEL IN 1896

Mrs. Myrtle Tandy to Have as Keepsake Silver Dollar Lost by Son on Day of Big Bryan Rally.

Twenty-eight years ago on the day of the great Bryan rally of 1896, Mrs. Myrtle Tandy and her little son, George, were in the southeast corner room on the main floor of the old Park Hotel. Young George was given a silver dollar with which to amuse himself. While playing with the coin he accidentally dropped it thru a crack in the window frame, and it fell down between the inner and outer walls of the building. Yesterday Dick Mathews, who is employed by S. G. Chumley in wrecking the old structure, found the dollar, which is in an excellent state of preservation. It bears the date 1881, and tho it has been for a long time out of circulation it looks as if it would still be worth a hundred cents.

However, to Mrs. Tandy it is worth far more as a keepsake. When she heard that the building was to be wrecked, she recalled the incident of the big rally day and she requested Mr. Chumley to recover the dollar if possible. Contractor Chumley instructed his men watch for the coin, and as they knew about where it had been dropped, Mr. Mathews was not long in discovering it when the right stage in the wrecking was reached.

The coin is now in the possession of Mrs. Tandy's sister, Mrs. Kamille Wright, who will keep it for her until her return from the south. Mrs. Tandy is now visiting her son, George, at Durham, N. C.

## STUNT FLIER RETURNS TO CITY WITH PLANE

Ted Kincannon, stunt aviator, visiting Jacksonville has just arrived from Herscher, Ill., near Kankakee, Ill., where he identified his airplane which was stolen from a field near Galesburg on August 26. Mr. Kincannon is naturally very much elated over the recovery of his plane since he had no insurance upon it and it was valued at several thousand dollars.

The plane disappeared from near Galesburg one evening after Kincannon and his partner ended their flights for the day and the first clue to its whereabouts was noted in a Bloomington newspaper which stated that a plane had been found in an abandoned field near Herscher. Mr. Kincannon stated that the plane had been repainted and the motor was burnt out, but it was otherwise undamaged.

## ART EXTENSION COMMITTEE PLANS ANOTHER TRIP

Last year Dr. Hieronymus of the University of Illinois led the University Art Extension committee and others thru the northern part of the state to visit the schools, colleges and art buildings in the various cities and towns. The trip proved so interesting that a similar trip is planned thru central and southern Illinois. Of course the party will come to Jacksonville, and a royal welcome will be extended to them by the local Art association of which Mrs. Mary Turner Carriel is the president.

## LOCAL COMPANY TO WORK ON VIRDEN PROJECT

The city council of Virden has authorized the Caldwell Engineering Company of this city to make complete surveys, prepare estimates, advertise for bids and take any such steps necessary in preliminary work for a new water works project which is being undertaken in Virden.

The Virden officials expect that the survey will be completed this fall and that actual work on the water system will start early in the spring.

## LEAVE FOR UNIVERSITY

Miss Isabelle Ames left Friday evening for Madison, Wis., where she will attend the Wisconsin university during the coming term. George Craig, Jr., of Woodson expects to leave soon for Champaign where he will resume his studies at the University of Illinois.

## "HUMMER" TRAINS WILL BE RESTORED

New Card on C. & A. Road to Afford Chicago Service Greatly Prized.

There will be a general satisfaction among local people with the announcement that a new time card which is going into effect on the Chicago & Alton next Sunday, Sept. 28, will restore the Hummer trains Nos. 9 and 10. For a number of months past these trains have been operating via Springfield to Roodhouse instead of to Jacksonville and the service from this city to Chicago over the Alton has not been what the people have been accustomed to expect.

Ever since these popular trains were routed a way which kept them out of Jacksonville Mayor Crabtree has by correspondence and personal calls endeavored to have the service restored.

The chamber of commerce has also taken an interest in the matter and D. C. Diltz, the local agent has done his best to get the lost trains service restored.

While the new time card has not been issued, the details have been practically agreed upon and it will be in the hands of agents in the course of the next few days. Mr. Diltz said last night that it is likely that the north bound train will pass thru the city about 3:40 in the morning and will reach Chicago at 8:15. The returning train will leave the city about 7 o'clock, reaching Jacksonville shortly after 12. In other words the schedule will be changed somewhat and the running time shortened. It is understood too that the trains will carry even better equipment than before. The new card will make a number of changes on the main line, the whole revision being due to both the installation of the new all thru trains and also the desire to give the best possible service to patrons of all the divisions.

One of the new trains will leave Chicago at 11:30 a. m. and reach Springfield at 3:30 p. m. Train No. 3, known as the Prairie State Limited is to leave Chicago at 10: a. m. reaching Bloomington at 1 p. m. and Springfield about 2:15 p. m. The time of this train between Chicago and St. Louis has been materially shortened.

Nos. 27 and 28, now local trains between Chicago and Kansas City, become trains 23 and 24 and also Limiteds in the new card and will be given very fast time and also carry two Pullman sleepers. No. 23 will leave Chicago at 5 p. m. instead of 4:15 stop only at the important cities and reach Bloomington at 8:25 p. m. This train will depart at 8:30 p. m. and reach Springfield at 10:20 p. m. and Roodhouse at 12:15 a. m. No. 24 will leave at 4:40 a. m., Springfield at 6:10 a. m., Bloomington at 8:05 a. m., somewhat later than now, and Chicago at 11:15 a. m. The time on both trains, 23 and 24, will be reduced one hour between Chicago and Roodhouse and many minor stops omitted. Given finer equipment, these trains are really the same as the Hummers in the previous time card and will be found popular trains for thru travel between Chicago, Bloomington, Springfield and Roodhouse.

## TEMPORARY EXHIBIT TO BE SET UP HERE

Secretary H. C. Welch of the Chamber of Commerce was in Springfield yesterday in conference with other commercial secretaries in regard to preparations for the Illinois Products Exposition, to open in Chicago October 9. A young lady to be known as "Miss Jacksonville" will be selected soon to represent the city in the booths at the exposition.

It is planned to build a temporary set of two booths, similar to those which will be erected in Chicago and to fill them with the exhibits which will be shown there. These booths will be placed in the local Chamber of Commerce, and will be arranged to the satisfaction of the exhibitors. In this way the work of preparing for the exposition will be greatly expedited, and the material used in the temporary booths here can be transferred to Chicago.

## PASSAVANT HOSPITAL COMMENDED IN REPORT

Letter From American College Of Surgeons Given Favorable Account of Condition at Local Hospital.

Miss Ida B. Vanner, superintendent of Passavant hospital of this city, is in receipt of a letter from M. T. MacEachern, M. D., of the American College of Surgeons, of Chicago, commending her upon the splendid development that has been carried on at Passavant. The letter is the result of a report rendered by Dr. Williamson who recently inspected the hospital, a procedure which is conducted annually by the American College.

The letter is as follows:  
American College of Surgeons, Chicago, Illinois.  
Sept. 14, 1924.

Miss Ida B. Vanner, Supt., Passavant Memorial Hospital, Jacksonville, Illinois.

My dear Miss Vanner:  
I have read with interest the report of the Passavant Memorial Hospital submitted by our representative, Dr. Williamson. On the whole our visitor gives you a favorable report and I want to commend you for the splendid development you have carried in your hospital. The visitor commented particularly on your facilities, organization, and procedure which I am sure are being used to the greatest advantage for every patient that passes through your institution.

We are not only interested in every hospital attaining the Minimum Standard requirements but hope that each institution will continue to develop far beyond this standard and approximate the modern day conception of maximum efficiency. Your institution with all its advantages, as indicated above, should be able to fulfill in every degree all the functions required of a hospital in the present day not only in the right care of the patient but the carrying on of teaching, training, and educational work, the promoting of scientific medicine, and contributing information for hospital development generally.

I appreciate very much your kindness and courtesy to our representative, Dr. Williamson. Assuring you of our continued interest and heartiest cooperation at all times, I am

Yours very truly,  
M. T. MacEachern, M. D.  
Director of Hospital Activities.

**Illinois College Notes**  
 The large registration in the College has naturally resulted in large sections in certain classes. For example, 162 students are registered for history I and 134 students for college algebra. The college authorities have been obliged to postpone registration in the case of several late applicants. A few more than the limited number of 150 freshmen have been admitted.  
 The registration at the College shows a much wider geographical distribution this year than in any previous year. In addition to Illinois the following states are represented in the registration this year: Montana, Texas, New York, New Jersey, Colorado, Michigan, Iowa, Missouri, Indiana, Alabama and North Dakota. Among the freshmen registered is Joseph M. Bringatz, who holds a five hundred dollar scholarship, awarded by the Lions club of Quincy.  
 The Y. W. C. A. reception to the new girls of the college will be given at the home of the President on Tuesday afternoon. All the girls of the college and women of the faculty are invited to this reception.  
 The Y. W. C. A. cabinet met Thursday afternoon in the girls' room to discuss plans for the coming year. It was decided that the regular meetings of the association would be held on the second and fourth Mondays of each month.  
 Harve L. Clemens, the new head of the violin department of the Conservatory will appear in his initial concert at the high school auditorium Friday evening, September 26th. Dr. Kraupner, the pianist, and Professor Hodge of the vocal department, will also appear on the program. Admission is free and the public is invited.  
 President Rammelkamp attended a meeting of the State Historical Library Board in Springfield on Friday.  
 Miss Adelle Lucking, ex-'23, was a visitor on the campus during the past week. Miss Lucking is teaching English in the Arenzville high school.  
 John Yehling, of Du Quoin, Ill., was a visitor at Old Illinois during the past few days. Mr. Yehling's daughter, Mildred was a member of last year's graduating class, and his daughter, Clara Bell, now Mrs. Miller, of Cobden, Ill., was graduated in 1918. Mr. Yehling's son, John, is a member of the present freshman class.

**Woman's College Notes**  
 The first chapel exercises were held Wednesday morning at 9 o'clock. President Harker presided and extended greetings to the students both new and old. Mrs. Moncrieff was introduced and sang a song entitled, "Like as the Hart" by Allisen. Following this Dr. Fred Burnham, who is the head of the Missionary work carried on by the Disciples of Christ, gave the formal address to the students and faculty. Dr. Burnham is a forceful, inspiring speaker and brought a great message.  
 The four college societies will hold their first meeting Tuesday afternoon at 4:15 in their respective halls.  
 The Greetings Extra made its appearance Wednesday at the opening chapel exercise. It is well written and was of special interest. The news sheet is published bi-weekly and the literary section is published quarterly.  
 John Prout of Bernardsville, New Jersey stopped at the college Thursday for a brief visit with his daughter, Miss Marion. Mr. Prout and his son were on their way back from Wyoming where they had been on business. They were making the trip by motor and expected to stop at Indianapolis, Columbus, Ohio and Pittsburgh on their way back. Mr. Prout's other daughter, Miss Beatrice, will take up her college work the second semester of this year.  
 Don Berry of Indianola, Iowa and daughter Martha were at the college Friday. While here Miss Berry completed arrangements to enter the college in September, 1925. They were accompanied by Mr. and Mrs. Hunt of Rawlins, Wyoming.  
 The new recitation rooms have been occupied by Professor Neville, head of the English Department, Professor Kellogg of the Education Department and Dr. Stearns of the Bible and Religious Education Department. The new rooms are commodious and well lighted, and make possible much more satisfactory work.  
 The annual picnic of the Athletic Association will be given at Nichols park Monday afternoon. Stunts and games will be in charge of the sport managers and the refreshments will be good old fashioned beefsteak broiled over live coals. The Athletic Association has a good reporter who expects to feature the activities of the Association. Miss Jane Uhl is the one selected for this position.  
 The Young Woman's Christian Association has been extremely busy the past week, having in charge the meeting of new students at the trains and welcoming those who come by auto. The various activities of the Association are going forward in an efficient manner. The first formal affair of the Y. W. is the reception to the new students held the first Saturday evening of the school year in the gymnasium. The cabinet and the advisory board will receive, and following the formal reception, a full program of games and stunts will be carried out. The Y. W. party is always an event of special interest and adds materially to the comfort and pleasure of the new students.  
 The Students' Association had a marshmallow roast on the back campus Wednesday evening, to which all students both old and new were in attendance.  
 Miss Gladys Laughlin of Winchester is spending the week end at the college the guests of her sister, Irene Laughlin, who is a freshman this year. Mr. and Mrs. C. H. Shenk will drive over from Springfield Saturday evening to visit their daughter, Miss Clara Shenk. Mrs. Andrew B. Glaspe of Oxford, Michigan is visiting her daughter, Miss Elizabeth Glaspe.

**BIG INTERURBAN BUS MAKES TRIP TO CITY**  
 An enormous motor bus which attracted considerable attention, was parked for a time yesterday afternoon at the southwest corner of the square. The bus was driven over from Springfield on a demonstration trip and carried a large number of passengers.  
 The big machine is a product of the Mack Truck Co., and is to be put on a new bus line between Springfield and Pana. The latter city will be the center of a line with five branches extending out from it, and a number of the busses are to be put in operation for long distance interurban traffic.  
 The bus is 30 feet long, has a wheel base of 232 inches, and has a net weight of 11,000 pounds. It is equipped to carry 25 passengers in comfortably upholstered seats. There are three compartments: a smoker, ladies' coach and baggage room. The bus is fitted with lights and all modern appointments of a regular interurban car.

### HOW THE PRINTERS' PENSION IDEA GREW

It is an ancient observation that  
"tall oaks from little acorns grow,"  
and it is worth stating that Typo-  
graphical Union No. 16, of Chicago,  
is entitled to the credit of first estab-  
lishing a pension system for those of  
its members as might qualify under  
the provisions set out in the regula-  
tions for inaugurating the idea.

In June, 1904, No. 16 had reached  
its golden anniversary of fifty years,  
and for months previous it was  
thought desirable to celebrate the  
occurrence in a manner which might  
add glory and lustre to the occasion.  
A resolution was passed that the or-  
ganization should indulge in a demon-  
stration that at least might fittingly  
recall a portion of the achieve-  
ments which the Union had scored,  
and to this end a committee was ap-  
pointed. A grand outdoor entertain-  
ment was decided on, and Thornton  
Park, on the Chicago & Eastern Illi-  
nois railroad was secured for June 8,  
1904, where several thousand gath-  
ered for the celebration.

The affair proved so successful that  
almost \$1,000 was turned over to the  
Union and the gratified members  
rather than have the money placed in  
the general fund, determined to de-  
vote the proceeds to the creation of a  
local pension. The work of inaugurat-  
ing the idea was placed in the hands  
of a committee after much discussion.  
In 1908 the International Typo-  
graphical Union adopted the system  
and at the close of the first year  
there were 542 on the pension roll,  
and this number was increased to  
more than 2,000 at the present time.

Chicago alone carries 175 annu-  
tants on its roll, disbursing over  
\$5,000 every four weeks to its vet-  
eran members. The work of caring  
for the aged type is firmly grounded  
in the approval of the active mem-  
bers, and it will be carried forward  
with the same zeal that character-  
izes every effort of the generous  
printer to his less fortunate brother.

The present old age pension law  
provides for the payment of a pen-  
sion of \$8 per week to two classes of  
members, as follows:

First. Members not less than 60  
years of age who have been in con-  
tinuous good standing for a period of  
twenty years, and who find it impos-  
sible to secure sustaining employ-  
ment.

Second. Members who are wholly  
incapacitated for work, who have  
been continuous active members for  
twenty years, and whose applications  
for admission to the Home have been  
disapproved because their afflictions  
are such as to render them ineligible  
for admission to that institution.

Secretary Hays' report shows that  
there are now 2,253 members who are  
recipients of the pension fund, and  
the balance on hand May 31, 1924,  
was \$905,559.46.

## Have you seen this new car? —It is a closed-open car!

A WEEK ago the new Studebaker Special Six DUPLEX-PHAETON was first announced.

Today, countless thousands of people are talking about this entirely new type of car.

One moment it is a closed car—in five seconds it can be transformed into a delightful, airy, open car. But it is always the closed car in deep soft cushions, beautiful fittings and finish and luxurious riding comforts.

When you see it and ride in it you will know why it has made so profound a sensation—you will realize then that it gives you more than the finest open car can ever give you, plus the comfort and protection of the closed car.

And all at the price of an open car!

And this is the new DUPLEX BODY on the famous Special Six Chassis.

Hundreds of thousands of owners all over this country and abroad have given the Studebaker Special Six a name for value, dependability and performance second to no other automobile.

The new Studebaker Special Six retains all the qualities which make great reputation—to these have been added every real improvement which science and owner-service could suggest.

Even aside from the sensational new DUPLEX BODY—the Studebaker Special Six has no superior in value in any car yet built. It was the conscientious intention of Studebaker in planning and designing the new Special Six to make it just such a leader—to that end every resource of the great Studebaker organization has been concentrated.

Even if we had the space we could not begin to tell you of the very many new and unusual features which indicate its superiority.

Certainly no words could do justice to its distinctive beauty. In appearance it is unlike any other American car—yet its long, low, broad, sweeping lines are conservative, crisply stylish and in beautifully good taste.

Think of the new Studebaker Special Six Duplex-Phaeton as the ultimate in value and performance in a five-passenger car—think of it as a car matchless in practical convenience and desirability.

But to appreciate the sparkling beauty of its totally new lines you must see it. To know its perfection of operation and performance you must ride in it and drive it.

If you have not seen this NEW type car—come today!

## Oil Your Car at 60 Miles an Hour!

YOU'RE rushing along in your Cleveland Six at 60 miles an hour. A squeak or rattle develops.

Do you stop and get out the grease gun? Or endure the noise until you get back home? Not at all!

You simply step on a convenient plunger and the noise is instantly silenced.

That's why the "One-Shot" Lubricating System ranks as one of the great advances in motor car design.

It enables you to lubricate all moving chassis parts without leaving the driver's seat.

It does more than save time and eliminate greasy hands or garments. It insures easier riding, smoother operation, longer car life and higher re-sale value—all because it makes chassis lubrication too simple and easy to neglect.

Because of the sheer value it represents, the 1925 Cleveland Six is winning new buyers at a rate that makes it one of the most popular six cylinder cars of the day.

Here are some of the reasons for that popularity.

Mileage Motor—a matchless master of hills with a flashing get-away in high gear.

4-Wheel Brakes—of Cleveland Six design, optional at a moderate extra cost—

Beautiful Bodies—smart, durable and luxurious.

Full Balloon Tires—extra comfort at no extra cost.

"It is considerations of this sort that have influenced my thinking about wages," concluded Mr. Babson. "I am as sorry as anyone to see wages go down. I know, however, it is not wages that, in the last analysis, interest the wage earner. It is earnings. ter what happens to wages, the advantage now all lies with the factories and communities which are enjoying lower costs. The process is inevitable. The farmers, have had their medicine in the way of deflation. Most business men have had theirs. It is simply impossible that the working man, alone out of our entire working population, should hang on to his peak wage rates and at the same time have work. # CARNEGIE INSTITUTE DISPELS IDEAS HELD BY FORMER STUDENTS

College Graduates No Longer Expect To Conquer The World

PITTSBURGH, Pa. (AP)—The idea that young college graduates expect to step forth, diplomas in hand, and conquer the world, or at least become masters of industry or finance within a few months time, is being dispelled by the Carnegie Institute of Technology, John T. Morris, director of the College of Industries, declared recently.

Even the college graduate should get his "white collar job" by travelling the "overall route." Mr. Morris believes, and various branches of industry are cooperating to the extent of hiring the youthful technicians, putting them into a pair of overalls and sending them into the dirt and grease of the shops before they are permitted to take a hand in the problems of management in the clean atmosphere of swivel chairs and glass covered desks. Industrial heads also are providing special equipment and suggesting curriculum improvements.

Steps to incorporate a more practical system of industrial education in the college of industries were taken several years ago but it has been only in the past few years that industrial corporations have shown any great interest.

"My mother had eczema which broke out in pimples on her scalp and itched and burned day and night. Her hair fell out and was dry and lifeless. It later broke out on her back and chest, and at night her back burned so that she lost many nights' sleep."

"She read an advertisement for Cuticura Soap and Ointment and purchased some, and after using two cakes of Cuticura Soap and over a box of Cuticura Ointment she was healed." (Signed) Miss Helma Lee, Rt. 2, Centerville, So. Dak., Aug. 23, 1923.

est in the developments. Soon after the first graduates of the new system had taken their first jobs, however, executives in big plants began to take notice and a report to don denims and soil their hands in the shops had aroused much interest in the plan. The report declared that before the last commencement nearly every potential graduate received from three to ten offers of jobs upon graduation.

Professor C. C. Leeds, head of the Department of Machinery Production in the College of Industries, explained the psychology of the system in a recent address before the Vocational Councilors of Pittsburgh.

"By putting on a suit of overalls and beginning the climb in the works," said Professor Leeds "the young man gains a knowledge of many things. He learns the value of discipline, he comes to know and appreciate his fellow workman and his point of view; and further, he has a wonderful opportunity to become thoroughly familiar with the production methods of the company."

# Conservatory Notes

The Illinois College Conservatory of Music announces the Faculty Recital to be given at the High school auditorium Friday, Sept. 26th, in the evening at 8 o'clock. The program will be highly interesting and will contain besides groups of solo numbers for piano, violin and voice the beautiful sonata for piano and violin A major by the eminent French composer, Cesar Franck.

Considerable interest is attached to this concert, as it will serve to introduce to the music loving people of Jacksonville Mr. Harve Clemens, the new head of the violin department of Illinois College Conservatory. Mr. Clemens is a young violinist of high accomplishments and of thorough musical training as well as an experienced teacher and orchestra conductor. Mr. Clemens will introduce himself upon this occasion by an exquisite selection of solo numbers with Miss Elizabeth Peck at the piano.

Dr. William Kraupner, the director of the Illinois College Conservatory, who has also recently come to Jacksonville and who will be remembered as the soloist of the last Spring Festival Concert, will render a group of piano solos. He and Mr. Clemens will open the program with the Caesar Franck Sonata.

Garnett Hedge, the well known tenor and head of the voice department of the Conservatory of Music, will also take part in the program and deliver a charming group of songs with the assistance of Miss Ruth Dorwart.

The program in full is as follows:

The Illinois College Conservatory of Music announces that orchestra rehearsals will begin Wednesday, Sept. 24th, at 7 o'clock in the evening at Academy hall. The orchestra will be under the direction of Harve Clemens and all players of orchestral instruments, whether students of the college or otherwise, who are desirous of playing in the orchestra, are urged to see Mr. Clemens at once at his studio in Academy hall.

# ARCHBISHOP FINDS NEW HOME COMPLETE

St. Louis. (AP)—When Archbishop J. J. Glennon of the St. Louis Archdiocese of the Catholic church moved into his new home, he found the 20-room residence completely furnished. The furniture said to have cost more than \$10,000, was a gift by the priests of the St. Louis parishes. In addition to this gift, the priests presented him with a check for a considerable amount. This money, Archbishop Glennon announced, would be turned over to the Kenrick preparatory school for priests.

The new archbishop's new residence, located in one of the most fashionable residence districts, was formerly that of Julius S. Walsh, late chairman of the board of directors of the Mississippi Valley Trust company.

## Market Report

By The  
Associated  
Press

GRAIN PRICES DROP  
ON SATURDAY MARKET

CHICAGO, Sept. 20. (AP)—  
Wheat underwent a decided set-  
back in price today at the last  
prospective enlargements of the  
United States visible supply total  
on Monday was a weakening fac-  
tor. Closing quotations for wheat  
were heavy 2c to 2 1/2c net lower.  
December \$1.31 1/2 to \$1.31 1/4  
and May \$1.37 1/2 to \$1.37 1/4, with corn  
1 1/2 to 2 1/2 decline, provisions un-  
changed to 7c higher.

For at least the time being de-  
mand from wheatbuyers appeared  
to have been filled up. It was  
pointed out that there had been  
nearly two months of big receipts  
of winter wheat and several weeks  
of large arrivals from the spring  
crop, with prices only a few cents  
under the season's top record.

Besides an estimate was cur-  
rently giving world stocks of wheat  
on September 1 as 219,958,000  
bushels compared with 161,916,  
000 bushels last year. Under such  
circumstances, numerous  
holders of wheat appeared to lose  
courage to retain ownership over  
the week end and their efforts to  
sell found buying power at its  
lightest.

Persistent rain in Canada de-  
laying the crop movement there  
and damping the quality of wheat  
during the earlier part of the  
day. It was also noted that  
much of the new Canadian wheat  
arriving at terminals was show-  
ing injury by frost.

Argentine and Australian crop  
advices, however, were bearish  
and with no aggressive demand in  
evidence the market gave way  
abruptly near the finish.

Summer like weather eased  
down corn and oats, despite a  
frost forecast for Wyoming and  
North Dakota.

In sympathy with hog values  
the provision market was firm.

## The Jacksonville Advisory Board Makes Annual Appeal Next Week for the Local Post of

# THE SALVATION ARMY

### \$3750 Necessary to Carry On Humanitarian Work Outlined For Morgan County During the Year

#### Great Work Being Done in This County by the Salvation Army

Something of the tremendous amount of worthwhile work accomplished by the Jacksonville Post of the Salvation Army during the past year can be realized by reading the report issued by the local Advisory Board which is asking that \$3,750 be subscribed by the people of this county during the coming week so that this wonderful work may be continued.

#### YOUR MONEY and How We Are Spending It

Captain C. G. Ryan, the officer who is directing the work of the Salvation Army in this city, reports that the cost of administration is 5.1 per cent.

94.9 cents of every dollar given for this work is expended on the concrete necessities of charity.

There were held during the year 89 open air meetings with an attendance of 8,439.

There were held during the year 213 indoor meetings with an attendance of 4,599.

There were held during the year 52 Sunday School meetings, with 1,593 in attendance.

There were 52 Young People's Legion meetings held with a total attendance of 1,209.

Forty-six converts were received.

Eleven thousand pounds of coal were distributed to worthy poor.

Three hundred persons were given Christmas dinners.

One hundred and seventy-five toys were given away.

These officers reach a class of people that is reached by no other agency. They salvage and rehabilitate the human derelict, extending a helping hand to the fellow who is down and out, and give sympathy and encouragement to the faltering.

The community gets practically one hundred percent returns for every dollar thus spent. The local organization has spent all its funds. It has not a dollar, in fact, it is in debt.

Everybody in Jacksonville and Morgan County should give something. Just burn a few less gallons of gasoline, or spend less for useless pleasures and turn it into this fund. It will be the best investment of the year. Do your part in carrying on this work—which none others will do.

The county needs this organization. It cannot carry on without funds. The amount asked is small, comparatively. Those blessed with health and reasonable prosperity, should not forget the unfortunate. When the giver, on a bad night, sits in a comfortable home, it will be an additional comfort to him to know that he has done something to make life brighter for others.

**Jacksonville Post's efficient young officers, with improved equipment, are planning even greater local work for this wonderful charitable organization**

**Your Co-operation and Financial Support at This Time Will Make It Possible**
